

# A Mic & Hook

Lil' Keke

A mic and I'll rock it, a hook and I'll drop it  
Three 16's, and ain't no way they could stop it  
Gotta make a profit, it's all for bread  
From the state Penitentiary, to the G's that's FED  
Hold your head, cause I'm speaking the truth  
It's time to take off the shoe, and try to fit that boot  
Get your loot, cause that's all that count  
I'm trying to fill up my shows, for a large amount  
It's all gravy, roll a doja stick  
My nigga P hit the do', with a zip of the shit  
So we high mayn, cloud nine is passing  
Nothing but c-notes, when the kid is flashing  
You gotta puff it, like that 50 say  
Hating on the 3rd Coast, it's gon be a long day  
No telling, when the cash is mean  
Got the hook got the mic, and the three 16's

Give me a mic and a hook, and a place to flow  
In a club on stage, and I'm ready to go  
Give me a mic and a hook, and a place to flow  
I'll rap all night, cause that's all I know  
Give me a mic and a hook, and a place to flow  
In a club on stage, and I'm ready to go  
Give me a mic and a hook, and a place to flow  
I'll rap all night, cause that's all I know

It's a crash course, when you roll my way  
On the grind all the time, like a cast away  
So it's spring and summer, fall and winter  
Boys turning back, like the Don had sent ya  
Car's on, niggas leave me alone  
Got it twisted light it up, till the day that I'm gone  
You know Houston own, but I'm Oakland gone  
Throw the season on the ground, like the casian gone  
Go on get it, press repeat don't skip it  
Person in the lab, ain't no time for a ticket  
Trend setter, go on walk this way  
This is H-Town's finest, and I'm a-ok

Give me a mic and a hook, and a place to flow  
In a club on stage, and I'm ready to go  
Give me a mic and a hook, and a place to flow  
I'll rap all night, cause that's all I know  
Give me a mic and a hook, and a place to flow  
In a club on stage, and I'm ready to go  
Give me a mic and a hook, and a place to flow  
I'll rap all night, cause that's all I know

OK the mic is smoking, I'm constantly choking  
Lil' Ke falling off man, is what they hoping  
Flow like water, rhymes go harder  
The game's so close, and I'm reaching farther  
Respect my game, and I'll respect your game  
I respect my chain, and my diamonds mayn  
Say you lucky, but it's all for hood  
Paint pictures of the block, and it ain't all good  
So I go for it, get mine in scratch

And these cowards in the streets mayn, they ain't no match  
Not no one man game, but I stand alone  
From the mic to the streets, gotta love this song

Give me a mic and a hook, and a place to flow  
In a club on stage, and I'm ready to go  
Give me a mic and a hook, and a place to flow  
I'll rap all night, cause that's all I know  
Give me a mic and a hook, and a place to flow  
In a club on stage, and I'm ready to go  
Give me a mic and a hook, and a place to flow  
I'll rap all night, cause that's all I know  
...
