Come here daddy, I know you want it  
Just take your clothes off and please turn your phone off  
Getting up, getting up all night  
Got so much things to think

Then bring the 'all day

But you gotta be my freak satisfaction guarantee  
I hit it well so I claim it, knock it off so I claim babe  
If full banz at these top floors  
And in this top floor and this top grave with this  
Going deep and let things well  
Hit it down with a They laise and they can't fit  
My chick pray and it's like this  
She straight hood and she taste good  
That pussy blowing snow  
I just hit it from the back and a band at the top  
If you ain't fight and I come to  
Play games if you want to  
I ain't patient, I hate waiting  
This hand bang, come here you

Anything you want, anything you need  
I got anything you want, anything you need  
I got anything you want, anything you need  
I'll just stroke and hit it slow  
So I switch and chase my speed  
When I see the moment I gran  
Ain't got time for wasting my time
