Lil' Keke

What what, this for the hood y'all  
Yeah what, this for the block y'all  
What yeah, this for the set y'all check it

Ok this Southside, who do it better than me  
Distribution radio, baby and even T.V  
We got the hood locked up, got the watch rocked up  
You know the game done changed, since the Don popped up  
Everyday all day, can't see it no other way  
From the Houston city streets, to the old AK  
We been blessed mayn, cause we the best mayn  
And I got loot bulletproofs, on my chest mayn  
Where your block at, nigga represent for your set  
We do it quick fast and fly, like a airline jet  
We getting money baby, because we love to work  
And I will stay gangstafied, when I'm put in the dirt

If you really representing, go and throw up your set  
Cause my hood off the chain, every chance we get  
We some thug niggaz, we ain't no scrub niggaz  
It's just gangstas, cut throats, man I love niggaz  
If you really representing, go and throw up your block  
AK's and 45's, with them plastic glocks  
We some thug niggaz, we ain't no scrub niggaz  
Wave your hands in the air, if you love niggaz

It's war time, on the real and you ain't heard  
Hit the cuts on fire, moving halves and birds  
Get my paper route, then pull my stacks out  
I fuck with G's and thugs, that got that street clout  
You gotta be certified, cause this is Southside  
My shoes be 22's, when I'm outside  
I gotta get mo' do', mo' dro, I gotta resco'  
Gotta stash a ki, when the shit get too slow  
Oh no, there go them boys set tripping  
Oh no, there go that AR ripping  
Tell your whole click, they better clean up they act  
Cause when the clock going forward, ain't no turning it back

If you really representing, go and throw up your set  
Cause my hood off the chain, every chance we get  
We some thug niggaz, we ain't no scrub niggaz  
It's just gangstas, cut throats, man I love niggaz  
If you really representing, go and throw up your block  
AK's and 45's, with them plastic glocks  
We some thug niggaz, we ain't no scrub niggaz  
Wave your hands in the air, if you love niggaz

It's the black mack, pushing new Cadillac  
Smoking a fat sack, riding with the roof back  
Ok it's CMG, and we gon get it fa sho  
We trying to touch 60 mill, like them boys in Blow  
I gotta let em know, that I'm still a pro  
Freestyle right now, they gon love the flow  
It ain't no thang mayn, it ain't gon change mayn  
If it's crack, rap or pimping, it's the same thang  
It's bout that cheddar fool, this shit is old school

Dirty South representing, like I'm 'pose to  
Cause Commission rich nigga, we some dangerous killas  
And I wouldn't really give a fuck mayn, I love my niggaz

If you really representing, go and throw up your set  
Cause my hood off the chain, every chance we get  
We some thug niggaz, we ain't no scrub niggaz  
It's just gangstas, cut throats, man I love niggaz  
If you really representing, go and throw up your block  
AK's and 45's, with them plastic glocks  
We some thug niggaz, we ain't no scrub niggaz  
Wave your hands in the air, if you love niggaz
