So get your bounce on whodie, and show some love
This the club homie, you take it home if you're tired
The beat shaking the wall, this party is getting live
This the club homie, you take it home if you're tired
She shaking and acting bad, that ass is getting wide
Cause uh we came here, to crank it up
Be a star hit the bar, and drink it up
Now tell em we came here, to crank it up
And ya know that this click, don't give a fuck
So get your roll on homie, and rock the club
We in the VIP, we stank it up
So get your roll on homie, and rock the club
S.U.C. in the building, show us love

So get your back up off the wall, do what ya do
Get your pimp game on for real, now what it do
Already down here fa sho, do what ya do
