

## 24 Kobe

Lil Loaded

Yuh, uh, ayy  
Loaded done did it again, oh, oh  
Loaded done did it again, oh, oh  
Loaded done did it again

Two-four Kobe, I ain't ate in days  
Feelin' like O's, I'm just tryna catch a play  
Granny lived by the Lord, so why she pass away?  
Aunt Doris, you a legend, think about you 'til this day  
I said two-four Kobe, I ain't ate in days  
Feelin' like O's, I'm just tryna catch a play  
Granny lived by the Lord so why she pass away?  
Aunt Doris, you a legend, think about you 'til this day

Pain takin' over, I ain't gon' cap like I don't feel it  
Pills talkin' to me, I had to learn to kick addiction  
Ain't no poppin' x's, ain't gon' cap like that'll heal it  
I can't talk about it, feel like silence is my healin'  
Conversations in my mind 'cause I know I won't tell no lies  
No bodyguard can save my life 'cause I know I'm gon' let it fly  
So many nights we was deep inside smokin' purple, gettin' high  
Smokin' dope and gettin' high, that don't change the facts  
They took my brother's soul and I'll never get it back  
Or how it's money on my top and niggas stab me in my back  
My bitch might really love me, I just don't know how to act  
I told her just don't give up on me 'cause I'm solid, that's a fact  
Some bitches broke a nigga down, I'm tryna leave it in my past  
Tell me every day, why you tryna treat me like your last?  
And I don't know the answer, if you cheat then that's yo' ass  
Catch you lackin' with that nigga, tell my dawg that he can crash

Two-four Kobe, I ain't ate in days  
Feelin' like O's, I'm just tryna catch a play  
Granny lived by the Lord, so why she pass away?  
Aunt Doris, you a legend, think about you 'til this day

I got a reason why I'm mad, I'm broken hearted and I'm sad  
I could never get 'em back, some niggas blocks will never laugh  
They catch me lackin' down bad I know I'ma be a soldier  
Grab that pistol out the holster, put a nigga on a poster  
And no body spared mine so that's how I be feelin'  
I remember long nights we had nothin' in the kitchen  
Bipolar, mixed emotions and the pain is feelin' endless  
I keep it to myself, fuck your sympathy and your pity  
I always been real when niggas played flake  
They swore a nigga trippin' when you shootin' at the snakes  
Pop up at a party, look for the opps and we wait  
Pull on side the whip, shot his partner in the face  
He ain't got a window, it got chopped up by the K  
They ain't got a body, it got chopped up in a lake  
Glizzy right beside me if them pussies try to play  
I said that glizzy right beside me if them pussies try to play

Two-four Kobe, I ain't ate in days  
Feelin' like O's, I'm just tryna catch a play
