Lil Loaded

Your so lazy

Oh

Them crackers tried to take me

I tried again, tried again

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I'ma win lil' nigga

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I gotta win lil' nigga

Them crackers tried to take me out, try again lil' nigga

Took some losses for this shit, I gotta win lil' nigga

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I gotta win lil' nigga

Them crackers tried to take me out, try again lil' nigga

I took some losses for this shit, I gotta win lil' nigga

I took some losses for this shit, so I gotta see some dubs

I was bred to be a gangster ever since a little cub

Lil' Glocky in my pocket, ever since a lil' thug

I been takin' big pills, I been poppin' big drugs

Tweak that I'm [?], I'm spazzin' for every reason

Let a fuck nigga try me, I'ma [?] but leave him bleedin'

Put the whole gang on, gotta make sure we all even

Cause if I tell you that I love you, lil' nigga I really mean it

And my brother, then my brother, then my brother to the grave

I'll crash for you nigga, I just hope you feel the same

I put my love on the beat, I hope you feel my dawg

I'ma always keep it G until they kill me dawg

I put my love on the beat, I hope you feel my dawg

I'ma always keep it G until they kill me dawg

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I'ma win lil' nigga

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I gotta win lil' nigga

Them crackers tried to take me out, try again lil' nigga

Took some losses for this shit, I'ma win lil' nigga

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I gotta win lil' nigga

Them niggas supposed to be your brother, but y'all beefin' over money

And you chose to keep em' 'round, when they started actin' funny

Should've cut them niggas off, when I seen they wasn't funny

My momma never told no lies, if she said bitch I ain't love me

I ain't peep it back then, but I see it now

She told me watch who you around, you got some envy in yo' crowd

Get em' gone, and I see you wasn't wrong

I gotta make these niggas feel me

Started off turnt, but here the real me

I won't let them take me off, won't let em' kill me

Won't let em' treat me off the streets cause' I got real beef

I gotta real baby brother, really need me

Real family, real people that I gotta feed

For the outsiders I got robbers who'll rob me

Them crackers tried to take me out, try again lil' nigga

I was destined for this shit, I'ma win lil' nigga
