I done had hard times, get up, you fall down  
Money, clothes, cars, I put all of that on the line  
Put him on a mission just to see if he gon' ride  
If money ain't an issue, I see it, I want it now  
My nigga locked up, ain't been seeing him in a while  
Try to run it up so my people ain't ever need a job  
Freestyling and shit be on my brand  
I just pray to God my nigga make it home one day  
I done ran it up, won't ever need a loan, I'm skraight  
Road to riches I'm on the way, I stay down and I elevate  
Kill it then I tell the beat sorry  
I'ma go retarded regardless  
Even though I'm a big artist, big .40  
Already knew to the cops and the opps I'm a target

Stay solid, lil nigga, you gotta know this shit get better  
We done had hard times, gotta know they ain't forever
