We got the block in a choke
Block babies, we bring the whole block when it's smoke, ayy

The opps in the front of the place
Loaded hop out, bitch, I'm swingin' the K
My opps like to fight, but bitch, I like to spray
Seven-six-twos, get 'em out of my face
Five-five-sixes gon' take 'em away
That boy steady cappin', he know he ain't safe
Seen a upper pop out, he got left on his face
He was typin' a text when it went through his flesh
They ain't slide 'bout they brother, they sent me a text
I replied to that shit, "Bitch, I left him a mess"
Now what? I'ma talk that shit
Caught him one-wheelin' and I popped that blick
Visit the plug, cop a juiced up stick
No more two-two-threes, need a five-five-six
She called me a jit, now she suckin' my dick
Pull that nine-iron out, I'ma nut on her tits

Ayy, we got the Narcs at the door
Go get the chop you hear knocks at the door, ayy
We got the block in a choke
Block babies, we bring the whole block when it's smoke, ayy
We got the Narcs at the door
Go get the chop you hear knocks at the door, ayy
We got the block in a choke
Block babies, we bring the whole block when it's smoke, ayy

Ain't nan' nigga better than me (Hell nah)
Dig a grave with a shovel like me
Slang that iron, walk down with that metal like me
Freestyle, kill a Loaded-type beat like me
Smoke gas, smoke tree, get a badass fee like me
New swag, new chains, she gon' eat on me
Spaz out, trippin' on beat like me
Nina nut in the streets, in the sheets for me
Brand new Forces, no crease on me
Bad ass bitch, no leash on me
I can't sell out, no lease on me
Shoot her in the face if she cheat on me
Shoot him in the face if he breathe on me
My dawgs on the drill, then the lead on me
My dawg fall off, he could lean on me
We all gon' eat, no greed on me

Ayy, we got the Narcos at the door
Go get the chop you hear knocks at the door, ayy
We got the block in a choke
Block babies, we bring the whole block when it's smoke, ayy
We got the Narcos at the door
Go get the chop you hear knocks at the door, ayy
We got the block in a choke
Block babies, we bring the whole block when it's smoke, ayy
