Lil Loaded

Asthesia, you a rockstar

Pop me a X, two Percocets  
Bitch, I'm out my body  
Glock do stress, aimed at his neck  
I'm finna catch a body  
Pop me a X, two Percocets

He got to die if I pop me a X  
Won't give him no warning, just put him to rest  
We don't aim for no chaser boy, put down that vest  
Oh, that boy hidin'? We shooting through bricks  
I went got a new Glock and extended the clip  
I'm whackin' his partner, his momma, his cousin, his auntie, and whoever else sheddin' tears  
Two Percocets, I ain't feelin' no fear  
Shootin' it out, hit him safe in the ears  
They beat the cases just so we could be clear  
A real young smacker, I do it for real  
Callin' Lil Loaded, you go on that drill  
I pop me an X, now I wanna kill  
Keep whackin' niggas, I love how it feel  
Speak of my name when I'm off of that pill  
He gotta die, magician, O'Neal (Asthesia, you a rockstar)

Diamonds the only thing cold in this bitch  
I'm smoking gas so I'm gone in this bih  
She got me stuck, moving slow in this bih  
BMoney body gon' blow in this bih  
Fifty-round drum, let it blow and in this bih  
I'm letting her go if she ho'ing and shit  
Pop me a X and forget about love  
Turn to the Devil, a handful of slugs  
Throwin' up C's like I play for the Cubs  
Too many L's, I'm due for a dub  
Now I'm taking off, I'll remember the mud  
Fresh as some soap but I look like some sud  
Illegal money when I'm in the hood  
Go get a pack and go serve out a junkie  
I'm chasing the money (Asthesia, you a rockstar)
