

# Closing My Eyes In The Dark

Lil Lotus

And I can't regret, breaking the bones in my neck  
To turn and see your face, wish I could forget  
All of the time that we spent  
I said 'til death and that's just what I meant  
And I can't regret, breaking the bones in my neck  
To turn and see your face, wish I could forget  
All of the time that we spent  
All of the time that we spent

And I miss you  
Crying and falling apart when I would kiss you  
Closing my eyes in the dark like I was there too  
Closing my eyes in the dark like I just miss you  
I miss you

And I can't regret, breaking the bones in my neck  
To turn and see your face, wish I could forget  
All of the time that we spent  
I said 'til death and that's just what I meant  
And I can't regret, breaking the bones in my neck  
To turn and see your face, wish I could forget  
All of the time that we spent  
All of the time that we spent

By the time of 4AM, you're unresponsive now  
I hate feeling like I need to check for breathing now  
Tryna support your neck because you're barred out  
Every night I lift you up three flights of stairs now  
Half a pill under tongue, yeah, it's dissolving now  
And it's bitter like the past that we keep reliving now  
Anyone who ever fucked with you get tracked down  
I swear, I'll break their fucking teeth out
