halley's comet

Lil Lotus

I fell asleep to the sound
Of broken hearts and shattered glass
And all the words that we can't take back
Is your head in the clouds
Are you thinking of me now
Cause when we took off we never looked back

Do you think about the way that we came so undone
Can you hear me now
As this song plays in the background

I miss you
And I hate that you hate it
Those three words sound so wrong when I say 'em
Will I ever get my mind off you
Will I ever make my mind up too
I miss you
I miss you, I miss you, I miss you

I know you're over it
But where the fuck did you go
You move on quick and I can't stand it
Oh no it's setting in everything that I wish I didn't know so well
You kiss and tell

Do you think about the way that we came so undone (the way that we came so u
ndone)
Can you hear me now
Is this your place in the background

I miss you
And I hate that you hate it
Those three words sound so wrong when I say 'em
Will I ever get my mind off you
Will I ever make my mind up too
I miss you
I miss you, I miss you, I miss you
I hate you, I hate you, hate you

How could you leave this knife in my body
Bite your tongue when you try to say sorry
Oh my god this is not what I wanted
Oh my god this is not what I wanted

I miss you
And I hate that you hate it
Those three words feel so wrong when I say 'em
Will I ever get my mind off you
Will I ever make my mind up too
I miss you
I miss you, I miss you, I miss you
I hate you, I hate you, I hate you
I miss you, I miss you, I miss you
I hate you, I hate you, hate you

How could you leave this knife in my body
Bite your tongue when you try to say sorry

Oh my god this is not what I wanted
Oh my god this is not what I wanted

I hate you
I miss you, I miss you, I miss you
I hate you, I hate you, I hate you
I miss you, I miss you, I miss you
I hate you, I hate you, I
