

Is Anybody Out There

Lil Lotus

Most nights I'm waiting for an angel to come, but I can't call her over
Most nights I'm breaking, when I wake up I feel fine
Now I know it hurts you, when you see me sick, can we talk when it's over?
A disaster in the making, I can't get this off my mind

I feel like I'm the only one
These demons echo in my head
I feel like I'm the only one
Is there anybody out there?
I feel like I'm the only one
These demons echo in my head
I feel like I'm the only one
Is there anybody out there?

Paranoid, but I can't look back, though
Hearing voices in my head talk back, though
"Hello, hello" and I feel fine
Break my legs and shaking on my spine
Let go, like a ghost, we're wasting time
When I saw your face, I want to make you mine
I want to make you mine

[?] every move is a setback
Told me to go and I hate that you said that
If I had the guts, then I promise I would
No, it's never enough, if I'm misunderstood
One moment, I feel like I'm fine
I'm wasting my mind
I swear I'll be alright
I'm running out of time
One moment, I feel like I'm fine
I'm wasting my mind
I swear I'll be alright
I will ruin everything

Told me that I'm just so selfish
Oh my God, I really can't help it
In the rain, I see drops on my skin right now
Baby, you know I felt it
So, you know that I'm falling alone
And sometimes I wish that I still could have my soul

Most nights I'm waiting for an angel to come, but I can't call her over
Most nights I'm breaking, when I wake up I feel fine
I know it hurts you, when you see me sick, can we talk when it's over?
Disaster in the making, couldn't get this off my mind
Most nights I'm waiting for an angel to come, but I can't call her over
Most nights I'm breaking, when I wake up I feel fine (Yeah, I feel fine)
Now I know it hurts you, when you see me sick, can we talk when it's over?
A disaster in the making, I can't get this off my mind

I feel like I'm the only one
These demons echo in my head
I feel like I'm the only one
Is there anybody out there?
(Is there anybody out there?)
I feel like I'm the only one

These demons echo in my head
I feel like I'm the only one
Is there anybody out there?
