

Never Get Away

Lil Lotus

In my head, it's hard to get around
Get so lost and now I'm taking all the backstreets
It's hard to figure out
Am I okay? 'Cause I'm the only one that's asking
No, I'll never get away
Breaking down in a high speed chase
Sometimes I feel like I'll never be okay
Yeah, no, I'll never get away, no, I'll never get away

Yeah, no, I'll never get away, no, I'll never get away
(Get so lost and now I'm taking all the backstreets)
Uh, no, I'll never get away
No, I'll never get away, no, I'll never get away
(Am I okay? 'Cause I'm the only one that's asking)
Uh, no, I'll never get away

I'm losing all control
Don't let me down, just let me know
If it's way too much, just let me go
If it's way too much, just let me go
Just let me go

I know it's a lot to take and you can't handle this
Am I better off on my own?
I came from a lot of mistakes and I done messed up shit
But don't take it out on my soul

Don't wanna feel like this forever
Will I feel like this forever?
Don't wanna feel like this forever
Will I feel like this forever?

In my head, it's hard to get around
Get so lost and now I'm taking all the backstreets
It's hard to figure out
Am I okay? 'Cause I'm the only one that's asking
No, I'll never get away
Breaking down in a high speed chase
Sometimes I feel like I'll never be okay
Yeah, no, I'm never getting away, no, I'm never getting away

And now I feel honest
Sick to my stomach
Running away from everyone
Pushing a hundred
I can hear them all coming
Hope was the last thing that I want

In my head, it's hard to get around
Get so lost and now I'm taking all the backstreets
It's hard to figure out
Am I okay? 'Cause I'm the only one that's asking
No, I'll never get away
Breaking down in a high speed chase
Sometimes I feel like I'll never be okay
Yeah, no, I'm never getting away, no, I'm never getting away

In my head, it's hard to get around
Get so lost and now I'm taking all the backstreets
It's hard to figure out
Am I okay? 'Cause I'm the only one that's asking
No, I'll never get away
Breaking down in a high speed chase
Sometimes I feel like I'll never be okay
Yeah, no, I'll never get away, no, I'll never get away
