

## Things That Rhyme With Orange (Cover)

Lil Lotus

'M so iconoclastic, I'm clastic  
I only want you to think I'm fantastic  
I'll participate in what you believe  
If you give me the attention  
Yeah, yeah, that's the only compensation  
I wanna be included in your conversation  
So am I in, or am I out?  
What is there to think about?

What is that paint brush for?  
Are you preparing to draw me?  
No, wait, please don't  
I am scared of what I'll see

I am not a perfect picture portrait  
But I am working on it  
I've been thinking about being cool  
I must have to admit

Blame it on the corporate skyscrapers in the clouds  
But if it wasn't for you  
We wouldn't have all these multiple crowds  
How am I supposed to choose, which one I belong to?

I think I'll perpetuate a pre-existing runway, runway

I guess it's almost as cool as creating  
A fresh new elaboration yourself  
It's a marker, it's a sign  
It's something we define  
It already exists, but you helped refined  
An emblem for all your aesthetic kin  
To recognize you by

Blame it on the corporate skyscrapers in the clouds  
But if it wasn't for you  
We wouldn't have all these multiple crowds  
How am I supposed to choose, which one I belong to?

It has to be a unanimous determination  
Because one opinion would be a pointless appreciation

Yeah, sure, thanks for the invitation  
Don't want to be included in your conversation  
It's too late, we've overthrown  
I took all your friends, and you're all alone

Blame it on the corporate skyscrapers in the clouds  
But if it wasn't for you  
We wouldn't have all these multiple crowds  
How am I supposed to choose, which one I belong to?  
I belong to?
