

# Demon Time

Lil Mabu

You know the vibes  
Hahaha

(Grrrrt!)

Don't cross me  
I'm not Jesus  
Run up a check  
Fingers they blue  
You know the vibes  
I stay with the crew  
Quit talking man, just make a move  
I'm on the Eastside  
Zooming through the streets in a G5  
Been runnin' up a bag  
I'm on demon time  
Put some steak in my plate  
'Cause it's time to dine

Met that girl at a party  
I mean, she pretty fine  
She call me, decline  
Stop hitting my line  
Come on  
Is you liking me or my money?  
Just make up your mind

I don't care if you ready or not  
Cause I'm goin' right to the top  
Started a company  
Making the guap  
I'ma do a little dance on your block  
I don't care if you ready or not  
Cause I'm goin' right to the top  
Started a company  
Making the guap  
I'ma do a little dance on your block  
Hahahah

Why you be hitting my phone?  
Just leave me alone  
All these lil rappers they clones  
They stealing my flow

Don't cross me  
I'm not Jesus  
Run up a check  
Fingers they blue  
You know the vibes  
I stay with the crew  
Quit talking man, just make a move  
I'm on the Eastside  
Zooming through the streets in a G5  
Been runnin' up a bag  
I'm on demon time  
Put some steak in my plate  
'Cause it's time to dine  
Hahaha

Ran up 3, 4 bands today  
Gained like 10k fans today  
Made 2 calls for the bankroll  
On a flight to Turks and Caicos  
Police  
Lay low  
Ain't a place in the city I can't go  
I'm praying to God, I'm faithful  
I wanna be blessed with the pesos  
Haha  
Do what I say so  
You gonna fold like a table  
Demon time, angel  
My brothers they toting the fuego  
They try to pull up on me  
When they see my people  
I know they gon' leave  
I gotta get to the green  
Flexing the bands that I made in a week

Don't cross me  
I'm not Jesus  
Run up a check  
Fingers they blue  
You know the vibes  
I stay with the crew  
Quit talking man, just make a move  
I'm on the Eastside  
Zooming through the streets in a G5  
Been runnin' up a bag  
I'm on demon time  
Put some steak in my plate  
'Cause it's time to dine  
Haha
