Yeah yeah  
Woke up this morning  
Still thinking bout you  
Still needing you  
Still wanting to  
Do what we did last night  
Flash back to the picture keep playing  
In my mind  
It's like I got the bonus feature on rewind  
Like I hit repeat about a thousand times  
When it get to my favorite part I gotta press pause  
Then I flip the chapter back cuz I wanna see ya some more  
Don't you like how I do it thing halle did in monsters ball  
I got an award for you and I put it on your wall  
Cause you deserve something for the best supporting actor hands down  
Hands down  
I wanna see you  
Do what you do to me  
The way that you  
Was Doin in my movie  
Its your debut  
Lights cameras action boy  
I been waiting on this spot for so long  
Cause I  
wrote in it directed it produced it and it all ended and  
And I  
Starred in all the love scenes  
But I can't take all the credit  
Cause it wouldn't be the same without u  
No it wouldn't be the same without u  
I guess the location was important  
Cause it Started with grown folk conversation  
Then we got open  
Then we went from the bar to the car baby boy we were rolling  
Boy I was hopin

Plus your style equals freestyle  
Til the morning

Boy get closer up on it cause I like the way you move  
I know I was shy at first you was a little nervous too  
The more we get into to the lesss it seems taboo  
So don't get new when that spot light is on you  
So once I give you the que
