

Rocket

Lil Mosey

I'm taking off like a rocket
Stick hanging out of my pocket
Geeked, don't know how I'm walking
Designer it drip like a faucet
Put VVS on my watches
Hunnid racks just on my closet
Green beam gone off the lean
I grow some money like money machine
I got this money it's nothing to me
I get my vitamins off of IV
She go to church but she praying to me
I signed some niggas like Jimmy iovine
I been that nigga since I was a teen

I fuck that bitch then I'm out
She sucking me up on the couch
She love putting pills in her mouth
Don't get what she want then she pout
Run that shit up I can't stop
I just spent me a mil on a yacht
I'm at the tippity top
And I know that they pray that I flop

I'm taking off like a rocket
Stick hanging out of my pocket
Geeked, don't know how I'm walking
Designer it drip like a faucet
Put VVS on my watches
Hunnid racks just on my closet
Green beam gone off the lean
I grow some money like money machine
I got this money it's nothing to me
I get my vitamins off of IV
She go to church but she praying to me
I signed some niggas like Jimmy iovine
I been that nigga since I was a teen

My diamonds hit with no flash
I was ducked off now I'm back
We popping niggas tic tac
Mickey D's came with a mac
I do this shit by my lonely
I barely got any homies
I call my white bitches snowbies
I call these chains on me trophies

I'm taking off like a rocket
Stick hanging out of my pocket
Geeked, don't know how I'm walking
Designer it drip like a faucet
Put VVS on my watches
Hunnid racks just on my closet
Green beam gone off the lean
I grow some money like money machine
I got this money it's nothing to me
I get my vitamins off of IV
She go to church but she praying to me

I signed some niggas like Jimmy iovine
I been that nigga since I was a teen
