

# It's Whateva

Lil' O

[Intro: Wonderus]

Whoa-whoa-whoa, yeah

For my loved ones, this one's for my loved ones  
(ay this one for y'all mayn), straight up let's go

[Chorus]

If you wanna hit the mall, we'll hit the mall  
If you wanna ball we can ball, don't pick one get em all  
Baby you my motherfucking dog  
What I spend for you, to me is small  
For you it's whatever, whatever, whatever  
Ay on the cool, it's whatever, whatever, whatever  
Cause you my boo, it's whatever, whatever, whatever  
Cause you stay true it's whatever, whatever, whatever what you wanna do

[Lil' O]

Ay face of a queen, grace of a god  
If you ever left me, then he take from my heart  
Cause it would be broke, never break it apart  
Or play games with it, or just take it and dart  
When my phone wasn't ringing, and I wasn't bling-blinging  
You would hold me down, with the funds you were bringing  
To tell the truth girl, I don't know what you was thinking  
When you'd rub me on my back, and would gently start singing that  
Things would get better, now things done got better  
That lil' broke nigga, Fat Rat with the Cheddar  
I'm looking like a boss, in my throwed Louis sweater  
Every word that I say, get the whole pussy wetter  
So now like James Brown, it's the big payback  
Got you the baby Benz, but one day the Maybach  
And you ain't gotta work, lil' mama lay back  
All you gotta do is look, you ain't gotta say jack

[Chorus]

[Lil' O]

Ay we started off fast, young niggaz on the block  
They say there go Lil' O, and Mack Biggers on the block  
Bro you made a nigga hard, you be like homie box  
Dope fiends would be like dang, you ain't got no bigger rocks  
Eventually street life, took it's toll on us  
Fast money came, and it took control on us  
We both caught a case, and the judges stole on us  
Me I made it out you still in there, getting swoll on us  
But one thing you know bro, I'm still out here repping  
A lot of niggaz hating, but a player still stepping  
Same ol' O, from the Southwest section  
Still ride around the H, one deep with a weapon  
And just like you told me, I keep money on my mind  
But I always reminisce, bout my partna doing time  
I made it out the grind, homie luckily  
So the minute you touch down, homie fuck with me

[Chorus]

If you wanna hit the mall, we'll hit the mall  
If you wanna ball we can ball, don't pick one get em all  
Homie you my motherfucking dog

What I spend for you, to me is small  
For you it's whatever, whatever, whatever  
Ay on the cool, it's whatever, whatever, whatever  
Ay just for you, it's whatever, whatever, whatever  
Cause you stay true it's whatever, whatever, whatever what you wanna do

[Wonderus]

And this is dedicated  
To the ones that showed me love, love  
So many people hated  
But you always gave me love, love

[Lil' O]

Hey I never switch it up, never turn my back  
Never act funny, like my name Bernie Mac  
If I'm walking in the rain, or I'm turning in a Lac  
If I ain't shit to smoke, or I'm burning on a sack  
And you love Ginuwine, no R&B  
If I ever start to trip, I tell you now pardon me  
Just know in my team, y'all in my starting three  
In fact let me show you, everything all on me

[Chorus]

If you wanna hit the mall, we'll hit the mall  
If you wanna ball we can ball, don't pick one get em all  
Y'all, y'all you my motherfucking dog  
What I spend for you, to me is small  
For you it's whatever, whatever, whatever  
Ay on the cool, it's whatever, whatever, whatever  
Ay just for you, it's whatever, whatever, whatever  
Cause you stay true it's whatever, whatever, whatever what you wanna do
