

# Belgium

Lil Peep

You don't mind that I don't mind at all  
At all  
You act kind don't act kind at all

I ask myself  
Why am I talking like this  
Ask yourself  
Do you deserve this treatment  
I was out in Belgium on tour  
That was the day that i convinced myself that i was truly yours

I know that you hear me  
I know that you hear me  
I know that you here girl  
I'm at the door

I know that you here girl  
Answer the door

I, I ask myself  
Why am I talking like this  
Ask yourself  
Do you deserve this treatment  
No one deserves this treatment  
No one deserves this treatment  
Oooh you don't deserve this treatment

I know that you hear me  
I know that you hear me  
I know that you hear me  
Yeah

I was was out in Belgium on tour  
That was the day that I convinced myself that I was truly yours  
I know that you hear me  
I know that you hear me

I ask myself  
Why am i talking like this  
Ask yourself

Do you deserve this treatment  
Do you deserve this treatment  
Do you deserve this treatment  
Deserve this treatment

I was on my own for the past two months  
I haven't seen a friends face  
In too long  
I was on my own  
That's why I notice all, all that shit
