

Choose

Lil Peep

You choose, and I choose, we both choose
We fuck, we bust nuts, it ain't new
You do what I do, it ain't you
Good luck, I don't give a fuck, do you?
Dutch Master, smoke like a vacuum
Did half the coke in the bathroom
Came back with the attitude, ah
Came back in a new mood, yeah

You told me you love me, you're lying
I swear that I ain't even trying
Whatever I'm selling, she buyin'
I keep it quiet, she can't keep it quiet
I fuck her on nothin' but good weed
She don't behave how she should be
I fuck her on nothin' but good weed
I take a pill then she see a new me

You choose, and I choose, we both choose
We fuck, we bust nuts, it ain't new
You do what I do, it ain't you
Good luck, I don't give a fuck, do you?
Dutch Master, smoke like a vacuum
Did half the coke in the bathroom
Came back with the attitude, ah
Came back in a new mood, yeah

Choose her, ayy, chooser, yeah
Roll up for me, ayy, two cups, yeah
Show love, yeah, it's no love, nah
She don't fuck with me, yeah, but I fuck, damn
Ride around with her 'cause she hold my work
Ride around with her 'cause she keep it in her purse
Ride around with her 'cause I like when she squirt
Ride around with her 'cause she do a lot of dirt

You choose, and I choose, we both choose
We fuck, we bust nuts, it ain't new
You do what I do, it ain't you
Good luck, I don't give a fuck, do you?
Dutch Master, smoke like a vacuum
Did half the coke in the bathroom
Came back with the attitude, ah
Came back in a new mood, yeah

You choose, and I choose, we both choose
We fuck, we bust nuts, it ain't you
You do what I do, it ain't true
Good luck, I don't give a fuck, do you?
Dutch Master, smoke like a vacuum
Did half the coke in the bathroom
Came back with the attitude, ah
Came back in a new mood, yeah
