

Crying

Lil Peep

Gave her one call, now this bitch start crying (GothBoiClique)
Shorty wanna die but I know that bitch is lying
Flexed up, dying
With my clique, I'm crying
Hollywood lying, Hollywood lying
I just wanna flex on my wrist, start a riot (riot)
Lies on the ring, baby, yeah
I just wanna ride 'til my car's on fire (fire)
Really sorry, I think you should retire

Lie me down in bed, got my side bitch crying
FaceTime Horse Head, tell him that I'm dying
Even though I'm lying, I might not be lying
Drugs that I'm mixing, you don't wanna try it
Lie me down in bed, got my side bitch crying
Lie me down in bed, got my side bitch crying
Main bitch wildin', pussy in my diet
Lie me down in bed, got my side bitch crying, trying

I don't even think about her anymore
I guess I got what I wanted (yeah)
I don't even dream about her every night
Can't you tell that I'm lying?
I was in the background every time
Now, I'm in the middle of the spotlight
Everything you said to me was at the perfect time
Baby girl, you know it's not right, not right (it's not right)

Gave her one call, now this bitch start crying
Shorty wanna die but I know that bitch is lying
Flexed up, dying
With my clique, I'm crying
Hollywood lying, Hollywood lying
I just wanna flex on my wrist, start a riot (riot)
Lies on the ring, baby, yeah
I just wanna ride 'til my car's on fire (fire)
Really sorry, I think you should retire
