Girls

Lil Peep

```
Girls
Girls make me drink
Girls make me think
Girls like it on my dick
Now girls
Girls

Girls
Girls make me drink
Girls make me think
Girls like it on my dick
Now girls
They try to get me mad
I try to make them sad so they fall in love with me
Yeah girls
I could read her like a book
Couple minutes that it took just to get her in my room
God damn she said I'm the man
Girl I'm still a kid getting money like your dad
Aw girl
Girl Yeah

Girls
Girls make me drink
Girls make me think
Girls like it on my dick
Now girls
They try to get me mad
I try to make them sad so they fall in love with me
Yeah girls
I could read her like a book
Couple minutes that it took just to get her in my room
God damn she said I'm the man
Girl I'm still a kid getting money like your dad
Aw girl
Girl Girl

From the top
I'm not gonna worry about last night again
You just wanna see me fall again
That's alright I know you'll be back again for the last time
You know my pain
And you know my life
You are the dark and you are the light
I steal the look when you're not with me
I wrote the book on feeling empty
Why did I ever take a chance on you?
I made you feel empty like the drugs that you do
You told me that you love me thats not easy to do
But girl don't tell me that you love me if you're just gonna leave
Don't tell me that you love me it means nothing to me
No no
