

## Last Fall

Lil Peep

I think about the times we could have had it all  
I was in the back then, now I'm in the spotlight  
Remember last fall? We could have had it all  
But, it's alright (but, it's alright)  
But, it's alright  
I think about the times we could have had it all  
I was in the back then, now I'm in the spotlight  
Remember last fall? We could have had it all  
But, it's alright (but, it's alright)  
But, it's alright

You got my number yet? Six hundred sixty-six  
Diamond rings, I'm a devil with some angel wings  
I know a lot of shit, I don't ever talk shit  
Lil Peep, big dick, ask my ex bitch  
I've been through a lot of shit, it got me flexin'  
I've been through a lot of shit, so it got me sextin'  
Got sucked off twice in the same night  
Call my baby on the west, catch a late flight  
She the same type, I know a lot of girls like you  
But my world falls down when I fight you  
Beside you, can I remind you?  
I wanna die too, I wanna die too

I think about the times we could have had it all  
I was in the back then, now I'm in the spotlight  
Remember last fall? We could have had it all  
But, it's alright (But, it's alright)  
But, it's alright  
I think about the times we could have had it all  
I was in the back then, now I'm in the spotlight  
Remember last fall? We could have had it all  
But, it's alright (But, it's alright)  
But, it's alright

Clinically depressed gang, GothBoiClique  
Wine in my chalice, take a hundred sips  
Hundred girls on my dick, but I just want you  
Vampire bite your neck, blood on my lip  
French kiss, baby, now you're one of us  
Now you speak my language, they can't understand us  
I'm high, comin' up like the sunrise  
But I feel most alive  
In the moonlight
