

## Light Show

Lil Peep

Fighting the feeling  
Tired of fighting the feeling, it's causing me pain  
I play the villain, said I play the villain in your little game  
Aye  
She told me I'm killin  
She telling me I got the kill in the motherfuckin game  
I'm just a feeling, said I'm just a feeling they needed today  
Aye

I can make a light show (I can make a light show)  
Said I can make the night glow easy (easy)  
Tell me what you'd fight for (tell me what you'd fight for)  
Tell me if I might seem greedy (seem greedy)

I can make a light show (I can make a light show)  
Said I can make the night glow easy (easy)  
Tell me what you'd fight for (tell me what you'd fight for)  
Tell me if I might seem greedy (seem greedy)
