

Teen Romance

Lil Peep

I met her by chance
I said I really like your pants
I know you got a man
Give me your hand (Fuck it)
Teen romance
Give me this dance
Yeah, I took a xan (Yeah)
I hope you understand
(She don't)
Let me guide you
To a place where
No one hurts you
You are safe here with me
(With me, with me)

I met her by chance
I said I really like your pants
I know you got a man
Give me your hand (Fuck it)
Teen romance
Give me this dance
Yeah, I took a xan (Yeah)
I hope you understand
