

wanna be

Lil Peep

Damn son, where'd you find this?

Screamin' oh my mind
That head so fine
Make a grown man cry
If I take my time
And replace my crimes
Get my face recognized
We can do anything
Worth remembering
One day I'll be sober too
One day I'll be over you
Screamin' oh my mind
That head so fine
Make a grown man cry, cry
If I take my time
And replace my crimes
While I make my rhymes
I can do anything
I can be anything
Anything I wanna be
I can never be a wanna be
