

# Yesterday

Lil Peep

Change my name  
Shave my head  
Tell my friends that I'm dead  
Run away from the pain  
Yesterday is not today  
Yesterday is not today  
Yesterday is not today  
Yesterday is not today  
Yesterday is not today  
Is not the same

Today is gonna be the day that I'm gonna come back to you  
I know, I did a little blow and I never wrote back to you  
My love, I wanna give it all to you  
Baby I just wanna ball with you  
I could see the air was coming near the way I do about you now

Change my name  
Shave my head  
Tell my friends that I'm dead  
Run away from the pain  
Yesterday is not today  
Yesterday is not today  
Yesterday is not today  
Yesterday is not today  
Yesterday is not today  
Is not the same
