Cause I fuck her all night and make her leave in the morning

If I can fly you out of state and make it great then that'll be
ok
No problems here on me noway my partners here I'm feeling safe
No lie I need to get away my pride still get in the way
Finna slide and leave all bad vibes on the interstate

I ain't surprised I knew they'll all change on me anyway
I can't decide who gone be the one to stab me in my back who re
ally here to stay
Stop thinking you untouchable lil bitch think she can't be repl

Whatever you do homie don't slow down make sure you keep your p
ace
And everything dirty but my face keep your face clean
Start moving smarter everything got harder when I turned 18
See we come from the bottom we ain't have no problem with going
to chase dreams
Everybody round me was around from the start up we don't make t
eams
Gotta go harder regardless of what the situation may bring
With different bitches and lately shit ain't been what it seem
24 hours in a day they all filled with opinions
They rather talk about your loss they don't care bout your wins

If I can fly you out of state and make it great then that'll be
ok
No problems here on me noway my partners here I'm feeling safe
No lie I need to get away my pride still get in the way

Finna slide and leave all bad vibes on the interstate
Bitch I'm high I just popped a what a name and I'm feeling great
I ain't surprised I knew they'll all change on me anyway
I can't decide who gone be the one to stab me in my back who really here to stay
Stop thinking you untouchable lil bitch think she can't be replaced
