

# Dead Wrong

Lil Poppa

I go by Wild Child the chosen one the golden one  
Tiger woods we'll put a hole in one (they know)  
Everybody move together ain't no I say so  
We all equal ain't no I paid for  
We all lethal it get deadly in this bitch we all evil  
Die by the sword we got meschedes in this bitch and I'm with Chevy in  
this bitch  
Too many hoes playing games look like Andretti in this bitch  
When she get mad I take her bag I get petty with my bitch  
2 freaks they going for the team when you ready we can switch  
Aye prolly serving Brodie swerving lurking heavy in the 6  
And any nigga tried died you can bet he made the list  
And bitch I ain't the one that slide I stand on side and send the bli  
tz

Everything I say I stand on  
All them niggas did me wrong them niggas dead wrong  
And anybody ever played me got a headstone  
Shawty she too smooth yeah she a fool when she put that head on me  
I dropped out of school that shit ain't cool now I'm a failure  
Brother always told me never listen what they tell you  
Brother always told me better listen to your elders  
And they know I'm forever grinding til it get better  
And I want all my niggas shining so I can't let up

Whenever the clouds come out the sun hide  
So I'm gone sit outside and wait til the sunshine  
And we gone sit outside and wait til a play come  
Heard them niggas talking bout sliding we gone wait til that day come  
Them youngins ready to face something lil bitch ready to taste cum  
Fill up the clips with ammo so we ready when they come  
Tried to put them niggas on they ain't ready they played dumb  
Anybody round me kept it 100 since day 1  
Ima smoke to my face numb when I smoke it I taste gum  
I think this Hi-chew or some shit like that  
You said I got you or some shit like that  
Relationships I ain't fixing that you want the old me you can't get i  
t back  
Never forget the shit you told me you owe me

Everything I say I stand on  
All them niggas did me wrong them niggas dead wrong  
And anybody ever played me got a headstone  
Shawty she too smooth yeah she a fool when she put that head on me  
I dropped out of school that shit ain't cool now I'm a failure  
Brother always told me never listen what they tell you  
Brother always told me better listen to your elders  
And they know I'm forever grinding til it get better  
And I want all my niggas shining so I can't let up
