

# Forever

Lil Poppa

Know we in this shit forever  
Some of us born in, not sworn in you know?  
It's just a way of living, I just can't do shit 'bout it

Do the glock fit?  
This a size 28, it do not fit  
Bitches jockin', niggas hating, police watching  
Couple vibes on the way  
They been wanting to try again since they got high the other day  
This shit amazing  
Youngin say the karma ain't that bad when it's off love (What the fuck)  
Send all your kisses and all your hugs, that's what make it better  
When rain and dirt left me in the mud, I ain't never let up  
Still ain't never settle  
We in this shit forever

Hot nigga but his heart cold anywhere  
She too toxic, this bitch got to get that shit together  
It's the Oxy pop one, take off, now I'm feeling better  
Hope God got me, while I'm out here dancing with the devil  
Check my schedule  
You gon' have to wait your turn when it's someone ahead of you  
Why do this shit again if you learn? but I never do  
You lil' mothafuckin' rebel you  
You know once you touch that stove, that shit burn, boy, I'm telling you  
These niggas ain't even on your level  
Trying to compete where they can't even compare  
I'm barely trying and they can't even keep up with me  
This shit ain't even fair  
Truth or Dare, I dare a nigga to play, it's too much murder fare  
Keep on recruiting like the service and you gon' get them young niggas hurt  
in here

All the bonds we created, you fucked that up, niggas crazy  
RIP Lex, it take a bitch to do that shit to a lady  
I'll be next, just make a wish and your best nigga to take me  
Know the word "love" don't mean shit 'cause I ain't been feeling it lately  
Rather see me down on my dick but when I'm up you hated  
Spend a couple thou wow on my fit and I do that shit daily  
Nigga, who is you? These young niggas will shoot, is you crazy?  
I can have two of you, got more hoes than a hula hoop, baby  
Yeah, he cool, but he don't buss that bitch like Ooda do  
Just check the news, we won't even have to Google you
