

Levels

Lil Poppa

You know

I'm on a whole different level now, like

My bag bigger, you know everything bigger, you know

Beef with the niggas 'round the corner, it ain't mean nothin'
Remember when we used to tell the police we ain't seen nothin'

Niggas see us now, they go to fake clutching and mean muggin'

Slide a nigga block like a wet floor, we tryna clean somethin'

Mama said there'd be days like this, we used to dream of it

Who else done knew that I'd be paid like this? I never seen it comin'

I'm so stuck in my ways like this, I know nobody love me

A lot of pussy niggas made the list 'cause they thought shit was funn

y

Think it's a game, we prove a point and kill a crash dummy

And yeah, I mean to act like this, I never had nothin'

My P's and Q's, I stick and move, I had a bag on me

Play by the rules or you gon' lose just like your last homie

Ridin' 'round, top down, slidin' through an opp town

Jewelry on, iced out, bad bitch, pipe down

Packs in, get 'em out, racks in, big amount

I done made my mama proud, lookin' for a bigger house

Bitch, what? Stop playin', found you, get bammed

I been sippin' kickstand, she suck dick with no hands

I know he a big fan, turn his homie to a lamb

Weed strong, handyman, I look like I'm from Japan

I can make my dollars dance, turn the lights off

Like JEA, bitch, we don't play, we knock a nigga lights off

Spin a nigga block today, we tryna knock his top off

She say pull up, I'm on the way, I got to get my rocks off

I'm drippin' like hot sauce, don't ask what my socks cost

Cut the middle man off and I turned to the big boss

All I do is shit talk, you cut off, it's your friends fault

Now I'm havin' Benz talk, pull off and I skrrt off

Ridin' 'round, top down, slidin' through an opp town

Jewelry on, iced out, bad bitch, pipe down

Packs in, get 'em out, racks in, big amount

I done made my mama proud, lookin' for a bigger house

Ridin' 'round, top down, slidin' through an opp town

Jewelry on, iced out, bad bitch, pipe down

Packs in, get 'em out, racks in, big amount

I done made my mama proud, lookin' for a bigger house

Ridin' 'round, top down, slidin' through an opp town
