

Novacane

Lil Poppa

Let's go
It's 6:21am (Let's go!)
Still in here
Don't plan on slowing down either nigga

Wildchild, you know it's him (you know it's him, you know it's him)
Don't let them niggas tell you they with us, I don't fuck with them
Told her bend it over pick it up like she dropped something
Shawty if you aint even trying to fuck, don't come over here
I don't care, just watch out for my cup, bring my soda here
This hoe just left her nigga for us, shawty know the real
Can't numb this shit with novacane (can't take no fucking novacane)
When the cause of death was overkill

I got 99 problems still but I don't need more
I can try to tell you how I feel, but I don't even know
Scars on my body never heal and I don't even show it
That's probably why I'm taking all these pills whenever I'm annoyed
Always got to make shit such a big deal, I hate these whores
Before I ever knew what rich is, I knew that I was important
I can buy a whole lot of shit, when it come to pain still can't afford it
And them Rolls got umbrellas, when it come to rain I can't avoid it
We aint gotta call it extortion but when I come through I need my portion
Free Chevy, RIP Corbin
You couldn't walk a mile in my forces
On this shit, know for a fact, I probably spent a fortune
I think it's bout time for the fucking pharmacy to endorse me

Wildchild, you know it's him (you know it's him, you know it's him)
Don't let them niggas tell you they with us, I don't fuck with them
Told her bend it over pick it up like she dropped something

When the cause of death was overkill

He all on live, he must not want to live
Cut my phone off I don't want to hear that shit
I'm in my zone, why you trying to kill my vibe?
Like girl what's wrong why you trying to blow my high?
Do you got plans for tonight? Where your man for the night?
I ain't saying that you right, I got bands I'm alright
I ain't looking for no wife but if I was, you ain't even that type
Either do or die no time for might
Straight to the booth I ain't have time to write
Ohh, it's so confusing, I hate to choose
And I don't like losing, I break the rules
This bitch think I'm stupid, I play it cool
Way smarter than you is and I hated school
