Problems Back Home

Lil Poppa

Pop one now I'm elevated
Don't mind me baby I'm medicated
I been having problems back at home
And I don't wanna spend the night alone

So I called you, hoping you fall through
Hoping you not in a relationship now, I ain't see your face in a while
I just wanna talk I heard you saving it now
I don't want the pussy unless you taking it now
Keep it a secret I ain't gotta bring you around no one
We can leave the city fuck in a whole nother town
Top floor action, no more asking
Back door open leave it I'm the one left it

I know you told me all your secrets and I kept it
But it shit I rather keep to myself I'm kind of selfish with it
Remember when you came to me for help I couldn't help you with it
And now we right back for myself (and now we right back here)
Need a gutta bitch and nothing else, don't want love but love me to death
When I say tuck this would you say yeah for me shawty?
Is you gone bust that left when I say bust that left?
And I don't need no doubts about it
Put your phone on silent put your page on private
She keep slamming on breaks playing with it while she drive
Keep telling me she don't need nothing but time
I ain't gotta argue with the bitch she ain't mine

So I called you, hoping you fall through
Hoping you not in a relationship now, I ain't see your face in a while
I just wanna talk I heard you saving it now
I don't want the pussy unless you taking it now

Take your shit forgive you and then we back again
When shit get hard you through the towel in
But even then I still support you
Can't hold no grudges but let you hurt me again I can't afford to
I know you bad for me, I heard you found someone new living happily, guess n
ot
Still after all this time, seems to still be me on your mind
Yeah I know you miss it house ain't a home without me in it
Stressing bout who else l let in it, hoping I ain't in a relationship

So I called you, hoping you fall through
Hoping you not in a relationship now, I ain't see your face in a while
I just wanna talk I heard you saving it now
I don't want the pussy unless you taking it now

"Keep fucking me this way you making me proud"
Nothing left for me to say I'm taking a bow
Always a mean face you barely get a smile from her
Try to keep a clean face but these hoes play it real file for me
Fuck the he say she say I know you'll walk a mile for me
She say she never stopped supporting even though I did her wrong
Say she hit every show in Florida and she still listen to every song
She not the one for holding grudges we grown
And tonight I'm having problems back home
Tonight I'm looking for a friend are you a alone

What I'm dealing with way too deep for a phone call
Only here for a couple hours and I'm gone girl
Rolling stone, you know Poppa was a rolling stone
No I don't mean to be a bother I know you got your own problems
Nobody's blowing up my phone right now

So I called you, hoping you fall through
Hoping you not in a relationship now, I ain't see your face in a while
I just wanna talk I heard you saving it now
I don't want the pussy unless you taking it now
Keep it a secret I ain't gotta bring you around no one
We can leave the city fuck in a whole nother town
Top floor action, no more asking
Back door open leave it I'm the one left it
