

# Without Me

Lil Poppa

Fusion, hah  
Swagg

Pain run deep, life goes nowhere  
Facecard good but I still don't go there  
I can't do no shows, police sit outside the hotel  
Don't give a fuck, she down to fuck  
I'm pulling up long as the hoes there  
Don't give a fuck, I'm pullin' up long as my bros there  
They ain't gotta say more  
No questions, I'm protected by these Dracos  
Bitch, my eyes stay low  
Zooted, I be talking to my halos  
Why you nagging all the time? Bitch, I hate those  
Girl, why you be lying all the time? Damn, I hate hoes  
Looking for a girl I can make mine but they don't make those  
And I don't need a Superman cape 'cause I don't save hoes  
And Poppa ain't with that Instagram shit, the streets made him

Where would I be without me?  
I came in this world all alone on my own and that's how I'll leave  
Don't need you niggas 'round me  
'Cause they don't bleed how I bleed  
No, they don't see what I see  
Who can I call when I need?

Who can I call when I need? They don't got me  
Killers on side me, they want bodies  
They know I am not a rapper, that's why niggas don't try me  
Peep shit through my third eye, so it be hard to get by me  
Peep shit through my third eye, I had to learn to pay attention  
If you ain't talking, then you listen, be a boss and handle business  
Told what you saw, then you a witness  
In the streets, that mean you snitching  
And I'm addicted to money, weed, bitches, I admit it  
And I'll die before I quit it, it's a habit  
I remember the times we didn't have it  
Bills due in the morning so we was trapping  
And we was tryna beat the sun, gotta make it happen

Where would I be without me?  
I came in this world all alone on my own and that's how I'll leave  
Don't need you niggas 'round me  
'Cause they don't bleed how I bleed  
No, they don't see what I see  
Who can I call when I need?

I need  
They on side me, they want bodies  
They on IV, beside me  
Bitch, don't try me, they want bodies  
I leave  
They want bodies, they don't like watching  
Bodies, bodies
