

Pop Out

Lil Pump

(Do it right bitch)

Streets is on the line, I'm getting hype
(Streets on the line!)
They know when they see me it's a real wave (wave, wave!)
Shorty trying to ride it like bike
(Ride it bitch!)
If she say she ready take a bite
(She say she ready!)
Trying to watch her walk like take a hike
(Now walk, walk, walk!)
They know what is they know I don't play
If you finna do it do it right bitch...
I might have to pop...

(Do it right bitch)
Do it, do it right

I might have to pop out for the night
I might have to pop out for the night

I might have to pop out for the night
Streets is on the line, I'm getting hype
