

# Again

Lil Reese

What you do this for? In it to win  
I lose that shit, get it back again  
Rewind that shit, I'll do it again  
Two Glocks, them bitches look like twins  
I'll pull up, poppin' that two at your mans  
Flip by once, flip by twice again  
Flip by once, flip by twice again  
Flip by once, flip by twice again

Ain't nothin' nice  
Flip by once, flip by twice  
You get spiced like cookin' rice  
Meant for the bitch, if the bitch my type  
If the bitch is my type, then she get one night  
Posted on my block and I got my pipe  
Ounce after ounce got me high all night  
Fo'nem off the flat got me high like a height  
And if the pockets flat, I gotta get it right  
I know this shit ain't right  
You'll get left, on the step  
I don't need no help  
Yeah fuck nigga I'll run up on him by myself  
When it was hard times  
Who the fuck I have? Myself  
Fake niggas gonna sneak diss  
You can keep that there  
Me switchin' up on my mans?  
Boy, that shit's so rare  
A lot of niggas say they real, but them niggas ain't real  
A lot of niggas say they real, but them niggas ain't real

What you do this for? In it to win  
I lose that shit, get it back again  
Rewind that shit, I'll do it again

You are no street  
You don't know nothin' 'bout beef  
Go 'head give me a 40  
I got it all on my teeth, nigga  
To see the gang, you need to see me, nigga  
Like a CC, weed in the reef, nigga  
I eat, sleep, shit with my gat  
Feelin' like Memphis Bleek, nigga  
Countin' Euros  
Rollin' with some killas  
Rollin' up some pack  
I know that you smell us  
When we roll up on ya  
Don't look unfamiliar  
'Cause we got one choppa  
And 'bout 20 pistols  
We'll be 10 cars deep

Finna be in yo street  
Off like 4 pints  
Then I fell asleep  
Piano with my choppa  
Play a melody  
I'm done bein' good  
So many felonies

What you do this for? In it to win  
I lose that shit, get it back again  
Rewind that shit, I'll do it again
