Lil Reese

I'm toting a big ass, bone crusher
Excuse him, he don't know better
Now watch him, go through yo leather
Like click-clack we're on your schedule
If you knew better, you would do better
I'm getting money now, I used to shoot niggas
Who that in the cut? It's the crew nigga
Them my dogs boy don't make me let 'em loose nigga

Bring my dogs out the cut with the sticks
I might just pop out the cut with ya bitch

Thinking shit was sharp hit yo'r ass with a dart
Hop up in this foreign hit your ass with the car
Thinking that you cold put this heat to your heart
