

Everywhere I Go

Lil Reese

Everywhere I go gotta keep that gliz
I know for sure that Glock is near me
I squeeze that Glock and it go blah
I won't stop until it's empty
Gotta get Guap, gotta reach that top
Gotta buy that block, got to see that Millie
I'm from o block, straight from o block
My partners 300 for sho they with me

Bend through them blocks
I'm in a lamb
Wondering or not
Thinking I scam
Choppa ignoring it
Look like a fan
Got to move cautious can't get in no jam
No gangster for sure I am what I am
I do what I want and you do what you can
You murder muwop
Died in that can
Free all of the guys can't wait till they land
Gang gang
Tell them free the guys huh
Those shots get to ringing
Grahhhhhh
It's for the guys huh
Long live my niggas, aye
Damn I missed the guys, aye
Tell em free the members, huh
Long live the guys

Tell em free the members
All my niggas riding
All my niggas riding
All my niggas sliding
Niggas must be fried
Losing his mind like we ain't gon slide
I ain't let in shit ride
I ain't let in shit slide
Nigga fucked up big time
All that lying
All the time
Nigga be on his grind
Can't come around
If you ain't really my kind
I roll with mask
My sons know how we ride

Everywhere I go gotta keep that gliz
