

Fall Back

Lil Reese

Imma fall back, ain't finna do all that
We could do it how you wanna do it? Be alright
Niggas I fuck with that grew up with me still by my side
And they better not think it's sweet cause
We gon blow that heat
Still up in the streets
You know how it be
You know it ain't sweet
They all ride with me
I'll tell you how it be
They all play with heat

I ain't lying when I tell you niggas grew up like that
Niggas would grab a gun
They ain't even trying to fight back
I'm trying to chase that money every day it be like that
100 shots go off
Fucking with the gang it'll get like that
It went like that
Niggas play games
Spin right back
I get like that
Spin right back
Won't chase a bitch I'll chase a check
Pockets fat
My niggas on what I'm on
Rocking like that
Same niggas since a little nigga
I can not switch
Shawty run up on your ass and fry you with a switch
Ion give a fuck about em they can make a diss
Bet I'll run up on your ass bet I don't miss

Imma fall back, ain't finna do all that
We could do it how you wanna do it? Be alright
Niggas I fuck with that grew up with me still by my side
