

# Gotta Be

Lil Reese

Ay, miss me with that goofy shit, man  
Straight up

Gotta be real for yourself  
I can't switch, I don't know nothin' else  
Yeah, you can catch me by myself  
Oh, that's the main reason why I'm by myself  
Yeah, that's what's goin' on, nothin' else  
Tell you you changed but they changed they self  
No I don't need no change, money change itself  
But you got to watch 'em, cause fu niggas change they self

Yeah, you got to watch 'em cause fu niggas change they self  
Sneak dissin', man, that shit bad for your health  
Run around with the same niggas, like it ain't nothin' else  
To do, hit licks and capers too  
Bust a move by myself, I got the tool  
Put my back against the wall, I'ma shoot  
It don't take much I'ma get through  
But the fake I can see right through  
Trick me, nah she gon' trick you  
Bitch gon' do what a bitch do  
Tried to work down but she got loose  
Now she don't even know what to do  
But a nigga like me, I do  
All hundreds in my roll, they blue  
Fifty-five, I'ma take care of the crew  
Nah, nigga, I ain't nothin' like you  
Nah, nigga, I ain't nothin' like you

Gotta be real for yourself  
I can't switch, I don't know nothin' else  
Yeah, you can catch me by myself  
Oh, that's the main reason why I'm by myself  
Yeah, that's what's goin' on, nothin' else  
Tell you you changed but they changed they self  
No I don't need no change, money change itself  
But you got to watch 'em, cause fu niggas change they self

Sneak diss the gang, boy, your ass gon' need some help  
Call on niggas, nah I don't need no help  
But I'm with my niggas  
And everybody got an extended  
Niggas act like they with it  
But niggas ain't really-really with it  
Can't come through the hood or flip it  
Can't come to the hood, can't kick it  
Can't come through when we ain't tryin' to kick it  
Got a check then that you mean got a ticket  
And I hate when I got to go visit  
See folks locked down, penitentiary  
Shit there will fuck a nigga up mentally  
But stay strong, young nigga, stay with it  
And free the gang locked down in penitentiary

Gotta be real for yourself  
I can't switch, I don't know nothin' else

Yeah, you can catch me by myself  
Oh, that's the main reason why I'm by myself  
Yeah, that's what's goin' on, nothin' else  
Tell you you changed but they changed they self  
No I don't need no change, money change itself  
But you got to watch 'em, cause fu niggas change they self
