

# Kill Don't Hurt

Lil Reese

Unh Unh Ohh yeah Ohh yeah  
That's my word, that's my word, that's my word

I say something, that's my word  
Catch your ass, we gon do your ass the worst  
Call boy pulled out, he thirst  
If he look fishy, imma shoot first  
Imma hit the fuck nigga really where it hurts  
You ain't from it boy, I'm really from the dirt  
When was front dirt, probably hit you for the work  
I ain't had shit, I really had to work  
Put the police on me, but it didn't work  
Then tried to go against me, it really won't work  
Tried to go against us, it really won't work  
Somebody getting hurt, you better think first  
You better think first, like this ain't gon work  
These guns kill, they don't hurt (that's on David, aye)  
Now these guns kill, boy they don't hurt

Stick to what I know, that's what I know  
Most these niggas bitches, they gon fu  
Reese boy I still ride around with that pole  
In case these fuck niggas acting like they want smoke (let's go)  
Act like you about it, bitch you ain't gon blow  
Nigga you know, that I know  
All these dirty bitches, they gon go  
Acting like you really about it, but you a hoe  
Now we ain't putting in front, for these hoes (for them hoes)  
Gotta get that money, I need them rolls  
Man you different, You need them hoes  
I was dolo ,since niggas don't know  
Say they opps, they don't do shit, cause them niggas they hoes  
Ain't tell my telephone, they wanna see me fell off fool  
Ain't gon go, I promise that's my word
