Wrap this shit up
The GetBackGang
GetBackGang shit, you know how we rockin'
Y'all know how we comin', man
Just, shit, been pushin' myself to go a little harder, you feel
me?
I been in the streets
I can't relate to a lot of niggas
Feel me?
Lost a lot of niggas to this street shit
Got to get that get-back, no matter what the situation is
That get-back, be the best part about everything
I love me some get-back
When a nigga think it's over with, and you come right back (hah
a)
That's that fuckin' get-back for him, man
GetBack, GANG!
