

All I Want Is You

Lil Rob

I liked 'em so much that
I used some of 'em for this song right here
But I'm a get you writer's, baby
Hey where do I begin?
At a loss for words but so much to say
It happened, never imagined that I could feel this way
I can't wait to kiss you lips today
I wanna get lost in your eyes like I did yesterday
And I don't know what it is
But I love what you're doing to me
You do it good baby, obviously
You're so real, baby, you're so deep
I love the way you think I respect the way you speak
I respect the way you carry yourself
I love the way you look and how you take care of yourself
You're flawless from head to toe
And the best part about it is you act like you don't even know
You're just my style you make me smile
Make me want to live to see tomorrow
You make me better now I'm better than ever
There ain't nothing like the times when we're together we can do whatever

Baby I been acting crazy
I haven't been myself lately
But this I want you to know
That I love you and I don't ever want you to go
Baby I been acting crazy
I haven't been myself lately
But this I promise you
That I'm a change for the better all I want is you

You've got it going on baby you're the bomb
You must be, you're the reason why I wrote this song
The one I'm thinking of
I wanna use our bodies to let our minds make love
You're like a drug and
Baby I been fiending for you
Been thinking of you, and all the things that we do
Been dreaming of you
I love the way that you are, believing all you say and do
I know you're gonna go far
I'm proud of you too
I know that I've been a fool now I surrender to you
Like to be together with you
Do whatever's clever with you
Life is too short forever, I could spend it with you
I want to get to know your body your heart and your soul
Like I know my own, knowing all there is to know
Baby you're so captivating, I'm yours for the taking
If you like not only physical but mental love-making

Baby I been acting crazy
I haven't been myself lately
But this I want you to know
That I love you and I don't ever want you to go
Baby I been acting crazy
I haven't been myself lately

But this I promise you
That I'm a change for the better all I want is you

You make me want to try new things chase my dreams
You make me happy all the smiles you bring
Yeah baby we go good together, yeah
The way you make me feel, the way you do
I know I make you feel the same way too, don't you
Baby we go good together, together

Baby I been acting crazy
I haven't been myself lately
But this I want you to know
That I love you and I don't ever want you to go
Baby I been acting crazy
I haven't been myself lately
But this I promise you
That I'm a change for the better all I want is you
