

I Know

Lil Rob

I know what to do
When I'm with you
I know just what to do
I'm so into you
That's why I know what to do
When I'm with you
I know just what to do
I'm so into you
That's why I know what to do

I'm a scoop you up
Make sure you look good
And that you smell good
Just like a woman should
And of course you do
Just like I knew you would
Jump into the Caddy
Scrape it through the hood
Baby you're so fine
Give me some kind of sign
My love is so rare
I swear there's no finding mine
I'm one of a kind
There's nobody else
That can do it like I do class by myself
And I like your style
You make this homeboy smile
Nothing but good times
Makes my life worth while
And Id like to thank you
Don't you ever go
I thought I'd let you know

I know what to do
When I'm with you
I know just what to do
I'm so into you
That's why I know what to do
When I'm with you
I know just what to do
I'm so into you
That's why I know what to do

Put my arm around you
Love the way you feel
I'm original baby I'm for real
Looked into your eyes
I was hypnotized
You've got me so high
On a natural high
And I can't deny it
No use of me trying
I say you got me high
I mean that I'm flying
Like I never thought
Thought I'd ever be
There's no better time

Than when you're with me
And I mean it baby every word I say
I just want to see you
Each and every day
And I'd like to thank you
Don't you ever go
I thought I'd let you know

I know what to do
When I'm with you
I know just what to do
I'm so into you
That's why I know what to do
When I'm with you
I know just what to do
I'm so into you
That's why I know what to do

I know exactly what to do
You are everything and everything is you
And I'd do anything for you
I don't play but just let me know
But don't you ever go nowhere
Cause I don't wanna be without you
I like you in my life
I need you in my life for life please say
That you're available for that
Now that I've got you in my life
That's right, no thinking twice
Baby I don't ever wanna look back
Fuck that
