

If I Was You

Lil Rob

Orale

What's up ese

You know, people trying to telling me how to do this

But I remain foolish

And represent the Brown to the fullest

That's right

But let me do things my way

Lil' Rob style

I gotta go cuz I know that the jura is coming on after me

Gotta keep it cool, I don't wanna give em a reason for blasting me

Gotta get the fuck out, before they block it up and take me in

And I'm in it to win it, let's begin, but God forgive me for my sins

But when, I'm pulling my rhymes and having no time for anything else

Just call me the wicked with style, cuz I'm the vato dropping the spells

Rockin' them bells, I'm the baddest, please believe him

It's Lil' Rob gangster, simon the Diego Demon, screaming

Fiending for mine knocking down your door with the beats that hump and thump

Got the llesca y cerveza so that we can get fucked up

Now I'm feeling real good, not just good I'm feeling tipsy and dizzy

Some hynas come to my town and now they're asking "Who is he?"

Referring to me so, don't need permiso

"Can I get with you?" she said "Are you ready?" and I said "Estoy listo"

Pass me the besto, then I want you to pass me my leño

I'm in love with Mary Jane, living life no mas y no menos

Man so, so don't even try to put me down cuz what comes around goes around

You see you try to put me down but I come up

Not giving a fuck if you hynas act stuck up

Cuz I get mine anyways, any days see when I do it I do it many ways

Many ways, anyways, now I jump in the ride, hit side to side

We slide and glide throwing up the Brown Pride

So you can keep running and running but I bet you can't hide

Because I'm on the prowl and now living life to the fullest

The foolish, is Lil' Rob happy? It can't be

And so they ask how I do this

Never ever letting nobody get me down but my smiling faces and cry later

Simon, I got shot in the face but I felt a pain that's much greater

Please, please don't make me tell you what it was

But I'll probably say when I'm buzzed

Now listen to what I bring

If you should lose me you'd lose a good thing

If you should lose me, oh yeah

You'd lose a good thing

If you should lose me, oh yeah

You'd lose a good thing

Simon, I'm the vato bringing the oldies straight back from the past past

Cuz I'm that vato that wants to make them last last

So when I'm rolling through your town

Lemme hear my self bumping, thumping, and humping

Leaving you levas in shock as I pull the llesca from my sock

They call me Crypt Keeper cuz I'm selling reefer, I could be the Grim Reaper

Cuz if you want to fuck around I could keep you in the forever sleeper

So when I start coming, you better start running

I'm the vato that's gunning

And letting levas fall to the ground and holmes I think it's funny

When I'm rolling down the block I think to myself ese
It takes nothing for me to slip and trip on
Oh God I gotta get a grip on life
Before I end up in a place where the veteranos told me not to go
Thought of this as a damn place and Valley of Chino
Gotta say what's up to my homeboy Dreamer
Who's dreams just didn't really come true
Even though you're torsido the whole neighborhood is thinking of you
Road dogs for life, you were even there when mine was almost taken
We're living our lives to the edges
But come on and take a fool, can't let this
Go on, roll on, lemme tell you how it all goes down ese
When your living that crazy life a knife has gotta be a quette
Cuz nowadays you can't be caught slipping, I'm flipping
I'm ripping it up cuz now I'm trigger tripping
And I don't care what they think about me and
I don't care what they say
I don't care what they think, if your bleeding
I'm gonna leave you to lay
Rest in pain, insane in the brain, esto no bueno
Just pass me my leño, keeping it hot just like a jalapeño
And what I say, a price to everything
If you should lose me, you'd lose a good thing
If you should lose me, you'd lose a good thing

If you should lose me, oh yeah
You'd lose a good thing
If you should lose me, oh yeah
You'd lose a good thing
You'd lose a good thing
You'd lose a good thing
You'd lose a good thing
You'd lose a good thing
You'd lose a good thing
You'd lose a good thing
You'd lose a good thing
