

# Let Me Try

Lil Rob

[Lil' Rob]

(Verse 1)

They wanna manipulate your mind  
But don't try it  
Even if I was the devil and wanted to sell your soul, I wouldn't buy it  
I choose to stay quiet  
They claimin' they're bigger than me  
And I wanna be like David and Goliath  
Shut their mouth, finally silence  
I hold the Corona  
I live in La Colona  
Ain't got No One To Depend On me, I no tengo nade like I told ya  
They follow like a soldier  
I'd rather be my own general  
What goes up must come down, what goes around comes around like teatherball  
I shine like Armor All  
Watch they watch their, partners fall  
Watch out for the handshake  
Just one flat on the ground, (???) I don't wanna pancake  
Baby, let me be the clown for the time of your life  
And baby let me be  
The lowride for the part of your life  
Let me be that part of your life  
Many guy have come to you  
With a line, that wasn't true  
Wasn't true  
And you  
Passed them by  
Now you're in, the center ring  
And their lies, don't mean a thing  
Mean a thing  
Why don't you  
Let me try

Chorus: Vocal Bizz

Many guys have come to you  
With a line that wasn't true  
And you passed them by  
Now you're in that center ring  
And their lies don't mean a thing  
Why don't you let  
Me try

(Verse 2)

You come  
To my town  
Like once  
Every week  
And I can't sleep, case anticipation got me up like I was blinkin'  
Every time you look at me, it seems like you got control of my breathin'  
Could it be that you want me, or could it be that you're teasin'  
Or could it be that I'm dreamin'  
Just my imagination  
Running away with me  
Would it be too much to ask, see, baby, you can stay with me, lay with me  
Play with me, and maybe  
To spend the day with me

Cause baby  
You got this little boy actin' crazily  
Now I don't wear a diamond ring  
I don't even know what song to sing  
But I do know one thing  
All the happiness I can bring  
I'm your puppet  
But please don't take advantage of the string  
Cause I cut you loose, once I feel the tangling  
And I'll have to find myself a brand new thing  
So tell me what you think, between love and hate  
There's a line that's thin  
So don't leave me in the dark  
Don't leave me on the outside looking in  
Many guys, have come to you  
With a line, that wasn't true  
But baby, I'm for real  
So tell me how you feel

Repeat Chorus

(Verse 3)

I take it you've been hurt before  
Well, I was just thinking  
Is it possible in this evil world  
To find a little faithfulness in just one girl  
It's like finding a needle in a haystack  
See, I understand that people make mistakes  
But everyone's always out for the payback  
They wanna play "take-back"  
I know where you're comin' from  
You're just lookin' out for number one  
I can understand that you didn't want me  
But then again, you already got me  
Caught up  
Under your spell  
And love, I already fell  
I wanna take you home, Black Magic Woman, I can't leave you alone  
I'll never hear the bells  
If you leave me (If you leave me...)  
And I don't know what I'd do if you deceive me (Deceive me...)  
Probably break down, in a lonely stage  
And go through a lonely rage  
How come nobody told me this, about the loneliest loneliness  
Every smilin' face  
Ain't a happy one  
And without you girl, a happy man  
I just can't be one  
Many guys, have come to you  
With a line, that wasn't true  
And you  
Passed them by, now  
Let me try
