I write rhymes it means something even if it's nothing to you  
It means something to me let me explain something to you  
I call it Neighborhood Music and homeboy I breathe it I see it  
And speak it, dream it and keep it and share it with you  
Unbareable blues and terrible twos to drugs and tattoos  
Confused they can't choose our life is a "U"  
They're not liking the rules back in school more than likely to lose  
You fools would like me to lose cuz I'm killing you dudes  
Neighborhood themes living out my childhood dreams  
It's not what it seems behind the scenes when everyone leaves  
I'm a good man with good intentions though I leave bad impressions  
Sit back and listen and don't ask too many questions  
Keep fucking up and I never learn my lessons  
Letin out my aggression at rap sessions is a blessing  
I'm guessing you've never heard nobody like me  
When there's so many people like me neighborhood m-u-s-i-c

Snap jump in my cadillac ese I'll be back ese  
Bump her in el suelo Puffin on a leno  
We put griffa in our pipas we love our jeffitas  
Homemade tortillas and twelve packs of frias  
Oldies in the back drop Playin out the rag-top  
The streets are my playground and I'm tearing up the black top  
And I can't stop, well I could but I won't stop so I don't stop  
I likes to cruise it to neighborhood music  
Hundred spoke thirteens Gotta be the G's though  
Rollin with my primo to the store to get some pisto  
If I could press rewind and turn back time I wouldn't change a thing  
Cuz this is me the way we live homie that's what I bring  
Neighborhood music for my neighborhood people  
Hear no evil, see no evil, speak no evil

Taggin up on fences, and benches, neighborhood tensions  
Maddog expressions weapons in possession  
Whatever you want I can get it us homeboys got connections  
From the need of weed to the need of needle injections  
Nike cortezes the man behind the lenses  
Reflections of a small town that was known to get down  
Party at the park after dark it don't start until I spark up the joint of mine  
I'll pass it, it ain't only mine it's all of ours, we handle ours  
And this is all before I had a car and all I had was handle bars

And the words that I spoke wait and a tape with some raps that I wrote  
About my neighborhood ey
