

Old Records

Lil Rob

All I do is think of you baby
All I do is think of you
All I do is think of you baby
All I do is think of you

I play my old records as a cruise into the evening
Bumpin Earth, wind and fire
The reasons that we're here, the reasons
Why we feel our feelings won't disappear
I'm a Chicano in a classic watch me lay it on the bumper
When I see my girl I'm gonna tell her that I love her
Gonna let her know she's beautiful and that I'm always thinking of her
Not to worry your pretty head
Cause there could never be another

You're like no other
You're in my every thought
Every time I think about you
It's like you're sending me forget-me-nots
But how could I forget you though
You're unforgettable Nat King Cole
Hey girl you make me feel incredible
And I just really appreciate the little things you do
When I play my all records all I do is think of you cause baby
You Are my shining star don't you go away

Classics hangin out the classic
Dippin through the traffic slow
Love is everlasting
These songs never ever get old
Got me thinkin bout you
Old records when I cruise
You know how we do

Like when the moon takes the place of the sun
The night is young and so are we with old souls
We both know we love them old records
Playin out the low low lolo
Rollin real low and slow I live my life in slow mo
Cause I wanna make it last forever Keith Sweat
Yeah like Tierra Together baby
Like heatwave always and forever
Our love is solid as a rock and
Made to be tougher than leather
And it's heavy like the Chevy that I pulled into the parking lot
Place my order at the taco shop
I think about you a lot
They're gonna hate whether we like it or not
Hey girl I always got you with me
No matter where I go you're with me
Just know I miss you like you miss me
Now what I've gotta say sealed with a kiss and a wedding ring

Classics hangin out the classic
Dippin through the traffic slow
Love is everlasting
These songs never ever get old

Got me thinkin bout you
Old records when I cruise
You know how we do

Like when I play some El Chicano
Or Suavecito from Malo
I might be playing some Marvin Gaye
As I bounce down the highway in a one nine six tray
I might be playing some Brenton Wood
Cause I'm the one who really knows a lot more than I should
I might be bumpin that
One way cutie pie you're the reason why I feel so good
You got me feeling like a should
I wish that I could see you I'd go see you if I could
But I'm 1000 miles away
But I'm on my way
Home is where my heart is daddy's coming home today
Hey girl I always got you with me
No matter where I go you're with me
Just know I miss you like you miss me
And I really love you
Baby baby baby yes I do

Classics hangin out the classic
Dippin through the traffic slow
Love is everlasting
These songs never ever get old
Got me thinkin bout you
Old records when I cruise
You know how we do
