

## Start Brand New

Lil Rob

I see the tears behind your eyes, what happened to you.  
I'm not trying to be nosey, baby I'm just rapping to you  
I like to be someone you can talk to,  
someone you trust and you can tell all your thoughts to  
Damn, that's what he did?  
He got up and he left you pregnant with his kid?  
That is not cool, I mean, that just sounds like something I could not do,  
But here's what you need to do now,  
You need to take care of you now..  
And that baby you're about to have,  
You have to be the mom and the dad?  
It's kind of sad to even think of,  
I'm sure it's hard for you to speak of,  
It must be hard for you to speak love,

I sing this song for you,  
Each time to start brand new,  
Believe me. You'll make it through,  
Time to take care of you,  
I sing this song for you

You say he left you for another girl,  
Well that sucks for her,  
Your love is something that he don't deserve,  
He's gonna get his in the long run,  
Can't find a real love. When he wants one,  
When he needs one,  
But that's what he get's for playing,  
I'm not hatin,  
Baby. I'm just saying,  
That you are his lost,  
Things are goin to be okay,  
Just watch,  
You're gonna find yourself a man who,  
Loves you for you,  
And understands you,  
One you want to stand next to,  
Because he never disrespects you,  
It's probably hard for you to think of,  
I'm sure it's hard for you to speak of,  
It must be hard for you to speak love..

I sing this song for you.  
Each time to start brand new,  
Believe me, you'll make it through,  
Time to take care of you,  
I sing this song for you

It's goin,  
Take some time,  
A little time, but everything'll be fine,  
(A little time is what it takes)  
It's goin,  
Take some time,  
A little time, but everything'll be fine,

I sing this song for you,

Each time to start brand new,  
Believe me you'll make it through,  
Time to take care of you,  
I sing this song for you
