

## Try Something New

Lil Rob

I see you, girl, do what you do  
But I know you wanna try something new (Oh yeah)  
So try a little bit of me  
What you say? (Try)

Let me ask, have you been with the homeboy, baby?  
Don't be scared of me, I'm just a little crazy  
I'm just playing with you  
But not all of us do what they say that we do

Hey, check this out - right here is my ride  
Put together with pride, you look real good inside  
Classy but gangster, girl  
In my classy but gangster world

I take my pants and crease 'em  
And put some brand-new white Nike Cortez's beneath them  
And a brand-new white tee  
And that's it, and I'm dressed up nicely

A little bit of cologne when I leave my home  
Just in case I run into someone  
And today that someone is you  
You do what you do, but you should try something new

I see you, girl, do what you do  
But I know you wanna try something new (Oh yeah)  
So try a little bit of me (Try)  
What you say? Try a little bit of me

Just like you, I do what I do  
But sometimes I wanna try something new (Oh yeah)  
So let me try some of you (Try)  
Girl, let me try a little bit of you

I'm down to earth, I don't pop Crys  
I pop the top off Corona with a lime twist  
So here's one for you  
If you never had one, then try something new

(Ooh, I like those) Oh, you do?  
We got something in common, we should get together often  
Or get together sometime  
Enjoy the sunshine, and have a fun time

I own no bling, but I stay clean  
I bling-bling without platinum things  
And I come with no strings  
Here's my number, hopefully my phone rings

Or better yet, why don't you give me yours  
And I'll get back at you when I come off tour  
I bet you never knew  
That that's what I do

I see you, girl, do what you do  
But I know you wanna try something new

So try a little bit of me (Try)  
What you say? Try a little bit of me

Just like you, I do what I do  
But sometimes I wanna try something new  
So let me try some of you (Try)  
Girl, let me try a little bit of you

Ball-headed homeboy with tattoos and homies  
I like old school, and I bump oldies  
But I like you too  
You're something brand new, but I like what you do

I kick back in studios and rock mics all night  
Till I see the sunlight, but it's alright  
But what about you?  
What kind of things do you like to do?

You know, like going to the mall  
Me and my girls, we shop until we fall  
Or go and see a movie  
Maybe after that, go eat a little sushi

Alright, I see you, girl, do what you do  
But I know you wanna try something new  
So try a little bit of me (Try)  
What you say? Try a little bit of me

Just like you, I do what I do  
But sometimes I wanna try something new  
So let me try some of you (Try)  
Girl, let me try a little bit of you
